ABOUT US

We have the capability. We have the capacity. We're focused on your vision. We provide peerless service, equipment, and expertise to our clients worldwide.

We are a family-owned company with a family oriented culture based on equality, diversity, and inclusion. We started in 1996 as a "cottage industry" operating in approximately 200-square-feet of space in the home of company founders Mary Beth McLaughlin and Dan McLaughlin.

Our reputation in the entertainment industry was built over years of successful growth, eventually bringing us to our current facility of 24,000-square-feet in West Carrollton, Ohio. Our people come from diverse backgrounds with a variety of skill sets and a united goal: to be the best. Our theater experience gives us a strong respect for deadlines because opening night never changes. Our partnerships with non-profit

organizations underscore the need to provide the best possible combination of quality and economy. We treat every project as if it were our own

We are a full-service manufacturing shop utilizing state-of-the-art equipment to fabricate themed environments and displays. We offer sales, maintenance services, and safety inspections on lighting, rigging, theatrical soft goods (including flame treatment) and A/V equipment. We have the expertise you need for success on the new construction or the renovation of your stage space.

Whether its traditional theater, a corporate event, a house of worship, or a museum display, we can provide the elements that will create a scene or set the mood to wow your audience.

We have the capability. We have the capacity. **We have the solutions.**
